I am an emerging artist who works primarily in digital media. I often work with video art and strive to connect with the generation of internet users via virally-transmitted cultural symbols and ideas. I have a keen interest in design, video production, and visual aesthetics. Ambitious and driven with a strong desire to learn, I hope to further my skills by being open to new and diverse opportunities.

PROFESSIONAL EXPERIENCE

Seattle Web Search | Video Editor Intern | June 2019 – November 2019

- Assembled footage into a finished product that matches the vision of the business
- Created rough/final cuts and storyboarding
- Oversaw projects from pre-production to postproduction
- Put together creative videos that help generate excitement for partnership ideas
- Edited video pieces in a way that is invisible to the viewing audience by inserting and syncing sound and optical effects

Helpsy Health | Social Media/Video Editor Intern | November 2019 – Present

- Scheduled daily knowledge and specialty posts to all social media accounts using Hootsuite
- Oversaw projects from pre-production to postproduction
- Created scripts, storyboards and rough cuts to eventually assemble into a final video that exhibits the ideals of the company
